Spotlight on...

2008 Aviation Career Day

The third annual Aviation Career Day was held at the Syncro Hangar at Van Nuys Airport on April 25, 2008. It was initiated in 2006 through a partnership between co-founder of Syncro Aviation Barbara Cesar and Los Angeles City Councilmember Tony Cardenas.

This year's Aviation Career Day provided more than 1,400 students from 35 San Fernando Valley middle and high schools the opportunity to learn more about the numerous careers in aviation. Students were able to speak directly with pilots and other aviation professionals, engage in numerous aviation-related hands-on activities and view and actually sit in some of the many military and civilian aircraft on display at the event.

Included in the long list of exhibitors and pilots at the event were representatives of the San Fernando Valley 99s, Experimental Aircraft Association's Young Eagles Program, the Latin American Pilots Association, and American Airports Corporation. The Career Day was a great opportunity to highlight and promote the various associations, organizations and events at the Los Angeles County Airports.

This year's event paid tribute to Barbara Cesar who passed away last November.
