**EAA Local Chapter 40** is based at Whiteman Airport, serving the northwestern Los Angeles County aviation community. EAA is the largest sport and recreational pilot group worldwide, promoting all forms of personal and pleasure flying as well as the building of experimental aircraft (and the restoration of antique aircraft). Monthly meetings are free and welcome to all people with an interest in aviation, or learning about aircraft mechanics and technology.

EAA is hosting an "Open Hangar" open house event on July 18<sup>th</sup>, immediately after their regular monthly meeting at Rocky's restaurant. All Whiteman airport tenants, pilots, and enthusiasts will be welcomed with a free BBQ, and an informal introduction / invitation to EAA's activities.

EAA's founding (and still-primary) activity is to support, educate, and empower existing pilots and the general public in building and flying your own personal sport aircraft. Homebuilt aircraft offer performance, economy, features, and personal rewards not possible with factory-built aircraft.

EAA is also the world leader in bringing the gift of flight to young people, keeping the future of aviation alive and well through the **Young Eagles** program. The program has provided free intro flights to over 1.5 Million kids; Chapter 40 has flown well over three thousand here at Whiteman.

Whiteman Airport tenants, visitors, and all aviation enthusiasts are invited to attend the July 18th meeting, 9:30 AM at Rocky's restaurant FREE of charge or obligation, **and/or** the Open Hangar BBQ and Welcome event following the meeting. The BBQ will begin at approximately 12 Noon at the EAA hangar, located just 60 feet south-east of the main gate on the airport's "back ramp".  
www.eaa40.org or 818-705-2744

**Summer has arrived!** With the Airport Association BBQ coming up on July 12<sup>th</sup> and the EAA BBQ on July 18<sup>th</sup> there are many good reasons to come out and enjoy the Airport – even if you're not flying. If you do come out, you'll notice that we installed new speakers at the Public Viewing Area and in the Pilots' Lounge now broadcasting ATCT frequency. Enjoy!

#### 2009 Airport User Survey

The results of the 2009 L.A. County Airport User Survey are in. Approximately 110 Whiteman Airport tenants and users submitted constructive comments on topics ranging from airport facilities and products and services, to safety and security at the Airport. We will certainly be busy addressing the comments and suggestions in the months and year to come and will be reporting our progress to you at the Airport Association meetings and future newsletters. As usual, your comments and/or suggestions are always welcome and appreciated.

#### 2009 Fire Extinguisher Program

Airport staff will be collecting fire extinguishers **July 11-19, 2009 daily between 8:00 a.m. and 5:00 p.m.** at the Airport Administration Building. Simply bring your fire extinguisher by during the collection period - all non-commercial tenants are welcome - and American Airports will have it serviced for you free-of-charge. We anticipate that fire extinguishers will be serviced and ready for pickup within 1-3 weeks. Further details, if any, will be provided to tenants at the time of fire extinguisher drop-off. If you have any questions, please call us at (818) 896-5271.

#### Aviation Meetings & Seminars

For FAA meeting information, please see the FAA's website at <http://faasafety.gov>. Meetings are typically held in the Civil Air Patrol trailer or the Pilots Lounge. For information on aviation seminars regularly offered by Richard Mend, please visit his website at <http://www.mendaviation.com>.

#### Support your Airport Association

Please come out on the 3<sup>rd</sup> Thursday of each month to **Rocky's Restaurant** and join the Airport Association for \$10 a year in dues. The next Airport Association meeting will be held on August 20, 2009.
