Monthly Aircraft Display Days

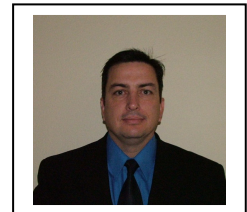

Each of the five airports in our Los Angeles County Airports System holds aircraft display days every month for based and fly-in aircraft. These informal get-togethers are a great way to get to know your airport neighbors, exchange news and flying stories, and promote and support general aviation in your local community. You may even qualify for a property tax exemption if your aircraft is considered historical and meets certain other criteria. Visit the Los Angeles County Office of the Assessor's web site at <http://www.boe.ca.gov/proptaxes/pdf/ah577final2003.pdf> for details on exemption criteria.

Display day dates and times are posted in the Calendar of Events section of this newsletter every month.

Spotlight on... Scott Wardle - Regional Director of Operations

We are pleased to announce the promotion of Scott Wardle to Regional Director of Operations. Scott will be responsible for all of

American Airports' operations in California, currently Supermarine of Santa Monica and the Los Angeles County Airports System. He will focus much of his energy on improving customer service, training staff, new business development and implementing policies and procedures.

Scott brings to his new position nearly two decades' experience in the aviation industry. Most recently General Manager of Supermarine, he was responsible for managing all aspects of the premier FBO at the Santa Monica Airport, servicing over 750 business jets per month.

Prior to Supermarine, Scott spent six years as Service Manager and subsequently Facility Manager at Petersen Aviation in Van Nuys, CA. At Petersen he was involved in the planning of a 10,000 sq. ft. executive terminal, 75,000 sq. ft. hangar complex and 60,000 gallon fuel storage facilities.

Scott enlisted in the United States Marine Corps at age seventeen, and served as an avionics technician for five years. He was promoted twice meritoriously up to the rank of Corporal, awarded two Navy Achievement Medals, and is a veteran of the first Gulf War. A native of Los Angeles, Scott studied Computer Science at Pierce College after leaving the military.

Congratulations, Scott!

From the Manager:

Fire Extinguisher Servicing

****REVISED SCHEDULE****

Last month we notified you we would be servicing fire extinguishers on May 9th. This date has been revised. Please have your fire extinguisher to us by **May 15th**. All extinguishers from LA County-owned hangars will be serviced the following week. Extinguishers from non-LA County owned hangars can be serviced for a nominal fee. Contact the airport office for more information.

Waste Oil Recovery Station

For those of you accustomed to using the waste oil recovery station on the main ramp, there is another station available at the end of Hangar Row C.

PAEW ADJ RWY 12/30 WIE

Please use caution for people and equipment working adjacent to the runway effective immediately until May 15th. As always, please check current NOTAMs prior to departure.

Annual EAA Optimist & Traveling Space Museum

WHP is hosting the Annual EAA Optimist and Traveling Space Museum on May 21st, 9 AM to 4 PM. There will be food booths, various vendors, aircraft displays and many space-related items on exhibition.
