JUNE 2005

News & Announcements:

AAC Expands Operations Into New York

American Airports Corporation is pleased to announce that we have expanded our operations into upstate New York with the purchase of Rifton Aviation Services. The Rifton facility is the largest FBO at Stewart International Airport (KSWF) in New Windsor, New York.

The FBO facility has been renamed "Supermarine of Stewart", and will pattern itself after its highly regarded sister facility in Santa Monica, offering world-class service to corporate and general aviation clientele. Supermarine of Stewart will also provide aircraft ground services to Stewart's commercial air carriers and superior VIP handling.

Leasing Opportunity at El Monte

American Airports Corporation is accepting proposals on or before 3:00 pm on June 30, 2005 from parties interested in leasing space at El Monte Airport (EMT) for aviation-related use. Only proposals for aviation-related use will be considered. The proposed leasehold consists of an 8,000 sq. ft. hangar with 1,270 sq. ft. of office space. The Request For Proposals (RFP) is available for review and download on-line at www.americanairports.net/RFP; or in hard copy by in-person request at the EMT administration office; or by faxing your request to (310) 752-0570. A general briefing will be held in the EMT Terminal Building on June 6, 2005 at 10:00 am, followed by a tour of the facility.

Spotlight on...

New Airport Managers

American Airports is pleased to introduce new airport managers at Brackett Field Airport and Compton/Woodley Airport.

Audrey Cooper - POC

Audrey Cooper joined the Brackett team on May 2nd. Audrey has a wide variety of aviation experience and education that include 15 years with United Airlines as customer service director at Sky Harbor International Airport in Phoenix, Arizona and contract manager at the UAL Maintenance & Operations Center at San Francisco International Airport. She has also worked as customer service manager for a large FBO and aircraft maintenance facility in Tulsa, Oklahoma.

Audrey earned a Masters of Aeronautical Science degree from Embry-Riddle University late last year. She also holds a Bachelors of Science degree in Business Administration. She is currently working on her private pilot certification, and is an active member of EAA, Women In Aviation, AOPA, and Aviation Explorers.

Jared Fox-Tuck - CPM

Jared Fox-Tuck was promoted to airport manager of Compton/Woodley Airport and started on May 9, 2005. Jared has been a trusted and valued member of the American Airports family at Supermarine of Santa Monica for the past two years. He began his aviation career 9 years ago and has developed extensive professional experience in both FBO and airline operations. Starting at Supermarine as a line service technician, Jared quickly became invaluable as the training coordinator. Prior to joining American Airports, Jared was line and customer service supervisor at Banyan Air Service in Fort Lauderdale, Florida and a ramp operations supervisor for Delta Airlines in Gainesville, Florida.

Jared holds a Bachelors of Science degree in International Affairs/Management, and is an instrument-rated pilot.

Please join us in welcoming Audrey and Jared!

page 1)
- Jun 30 - Civil Air Patrol at El Monte 7:00 pm @ EMT Terminal Building

From the Manager:

Good-Bye, Lily & Welcome, Tom

We said good-bye last month to Assistant Airport Manager, Lilianna Valle. Lily left WHP to take a position at Palo Alto Airport in the South Bay Area of San Francisco. She did a great job during her time here. We will miss her and we wish her luck.

Stepping into Lily's shoes as my new Assistant Airport Manager is Tom Sullivan. Tom's been a valuable member of the WHP team since last October and I'm sure he will do just as well in his new position. If you don't already know Tom, stop by the office and say hello.

New Rotating Beacon

Many thanks to Los Angeles County for purchasing a new rotating beacon. The beacon has been delivered, and will be installed as soon as weather and winds permit.

Hangar Inspections – B, C & D Rows

We will be inspecting hangars in rows B, C and D on June 18th and 19th. Inspections will begin both days at 8:00 a.m., with each inspection lasting about 15 to 20 minutes. If you would prefer to have your hangar inspected prior to June 18th, please contact me or Tom at (818) 896-5271. We can schedule an inspection appointment Monday through Friday, 10:00 a.m. to 11:30 a.m. or 1:00 p.m. to 4:00 p.m. Hangar rows E, F, G, H and J will be inspected July 11th through July 22nd.

Please Fly Quietly

We have recently received noise complaints when pilots fly too close to the hill. The WHP traffic pattern, approved by LA County, is available in the airport administration office. All pilots should be familiar with and follow this pattern to alleviate noise issues in the community. If we are good neighbors, we will have a very good relationship with our community.

FAA Monthly Seminars

FAA's Aviation Safety Program holds monthly safety seminars for pilots and airport users at various airports in the Los Angeles area. You can find out dates, topics and locations on-line at <http://faasafety.gov>. You can also register to attend meetings, receive email notifications, and recommend future seminar topics.
