### Standing Meetings and Events

All meetings and events are canceled until further notice

### 2020 Aviation Commission

Aviation Commission Meetings are canceled until further notice.

**Impact of COVID-19 on Whiteman Airport** — As I write this the news concerning the COVID 19 is things are moving in the right direction, but not enough to end the restrictions placed on all of us. Our offices remain closed except for those things that require in person contact such as new hangar or tie down contracts, written driving tests and new gate key applications. Everything else can be handled over the phone. Remember, facemasks are required whenever we are outside in contact with other people and are mandatory to enter the building and conduct business. Aviation and related business are considered essential business and remain open.

**FIRE EXTINGUISHER INSPECTION AND SERVICING** — Fire Extinguisher Inspection and Servicing has been scheduled for Monday September 28, 2020. If you rent a hangar from American Airports (County owned) please drop off your fire extinguisher at the Airport Office before that date. Call us at (818) 312-2911 to arrange contact free drop off and pick up if you so desire.

### Things from Around the Airport

**PAPI Lights Are Back in Service** — After many tries and many months of waiting, the PAPI lights are back in service! It took three certification flights, sending the units back to the manufacturer and cutting down a tree to get them certified, but on August 25, 2020 we were finally successful in their return to service.

**Aircraft Display Days** Aircraft Display Day is the second Sunday of the month. Until there is some relief to COVID 19 restrictions, no one will be present for signing paperwork. They hope to be able to sign off for display days before the end of the year.

**Aviation Explorer Post Squadron 3** — Aviation Explorer Post Squadron 3 has resumed flight instruction and has a couple of students progressing toward their pilot's licenses. We wish them the best in their pursuit of a license.

### Spotlight On

#### WAI to Launch App for Girls in Aviation Day

By Kate O'Connor | August 20, 2020 | Avweb.com

Women in Aviation International (WAI) has announced the launch of a new app, which will correspond with the organization's sixth annual Girls in Aviation Day (GIAD). The free Aviation for Girls App will offer content such as career videos, virtual museum tours, scholarship information, hands-on activities, book readings and digital issues of Aviation for Girls magazine. According to WAI, the app is aimed at girls ages 8-17 and will be available year-round with ongoing content additions.

"WAI is thrilled to connect with girls all year, without geographic constraints, and on their schedule, through our virtual experience delivered in the Aviation for Girls App," said WAI CEO Allison McKay. "WAI will continue our expanding program of encouraging and inspiring girls—no matter where they live or learn—all-year-round with a continuously growing library of content that is key to the GIAD experience."

Like many other aviation events, Girls in Aviation Day 2020 was moved to a virtual format due to the coronavirus (COVID-19) pandemic. It will take place on Sept. 26 with Aviation for Girls App content going live the same day. The app itself can be downloaded in advance via the App Store, Google Play or web browser.
