From the Manager:

Runway Closure:

Whiteman Airport is scheduled to have the runway closed for three consecutive days for the completion of a new slurry seal project. A NOTAM will be issued as soon as the construction dates are received. At this point, the runway closure will be on the days of Tuesday, Wednesday and Thursday. The taxiway portion of the project will be completed in two phases, and this will take longer than the three-day runway closure.

Hangar Waiting List: Whiteman Airport currently has a hangar waiting list of approximately 30 people. Though we will soon be conducting hangar inspections, if anyone is aware of any non-aviation use of a County hangar on their hangar row, please report the hangar number to Airport Administration. It is our goal to accommodate those people on the hangar waiting list who have airplanes.

Calling for Fuel: When calling for fuel, please remember to use either the **Unicom Frequency (122.95)** or the fuel phone number **(818-312-2911)**.

Driver Safety: This is always an important safety issue here at the airport. We are all aware that driving your vehicle in the taxiways can cause an extremely dangerous situation to quickly materialize. Please remember that aircraft have the right of way at the airport, and to please drive slowly.

FAA Monthly Seminars: There is an FAA Safety meeting every month. To find out the date and topic of the meeting, please go on the web to: <http://faasafety.gov>. It will be held in the CAP trailer.

Support your Airport Association: Please come out on the 3rd Thursday of each month to **Rocky's Restaurant** and join the Airport Association. For \$10 a year in dues, you can help provide input on how to better run your airport. August's meeting is on the 17th from 7:00 pm.

Goodbye – Just a quick note to say “thank you” for giving me the opportunity to be the Airport Manager at Whiteman Airport. It was a pleasure meeting all of you, and I appreciate all of the support I received.
